

PRIVATE MUSIC/VOICE LESSONS

Florida Christian School offers private music lessons in the areas of voice, piano and other instruments. Elementary students may take these lessons during physical education or after school. Jr./Sr. High students will have lessons worked around their schedules (usually after school). These lessons are on a first come first serve basis. Missed lessons will be made up by an additional lesson or adding additional time to the next lesson(s).

The total annual cost for the private music lessons for the year is \$720.00. This will be billed to the parent monthly, divided equally into 9 payments of \$80.00. The students are to have a total of 30 lessons during the school year. Due to school scheduling, some months your student may receive only 2 lessons, where as another month there may be 4 or 5 lessons.

The teacher will purchase books. Students MUST have a piano/keyboard or instrument at home, since practice is required.

Please complete this section and return it to the Florida Christian School office.
