

## *A Message from Dr. Robert Andrews, Headmaster*

### Important Information on FCS Campus Reopening, June 19, 2020

The past weeks have been a roller coaster ride for all of us as we struggle to find a sense of normalcy for our families, our businesses, our churches, and our school. In the midst of all this, the faculty and administrative team here at FCS has been working hard to plan for the re-opening of our school on August 13, 2020.

During the summer our offices are open daily for campus tours and new student testing. Our administrative team is here daily to provide answers for students and parents regarding schedules and school activities. Our business office is also open daily.

During the next several weeks during the summer I will continue to provide updates regarding the opening of school for the fall semester, and other important information. As the State and Local officials continue to assess the course of action needed for the public school systems, Florida Christian School is focused on providing our students and faculty, with a safe campus and classroom environment for delivering the outstanding Christian education that FCS is known for. We will also be ready to provide quality remote instruction if it is needed.

In order to provide the safest campus possible, we are currently developing plans for temperature screening, minimizing social contact in public areas such as lockers and hallways, how to provide lunch for all age groups, and the configuration of our classrooms. The use of Personal Protective Equipment PPE will be designated for FCS staff, students by age group, and visitors on campus. Our custodial service, Encompass, which is one of South Florida's most prestigious cleaning services, will disinfect surfaces and deep clean classrooms and common areas daily. All of our classrooms are equipped with hand sanitizers and surface cleaning products.

If necessary, the remote classroom experience that was implemented successfully will be implemented. As a result of our successful experience with remote classrooms, we are responding to input from our faculty as to fine tuning the process for each of our grade levels.

I know that many of our families are very concerned and maybe frustrated and worried about the coming year. If you are exasperated and need more answers, please send me an e-mail at [rca@floridachristian.org](mailto:rca@floridachristian.org), and we will set up a time to talk so that you can fully understand what FCS is doing and have confidence that we are fulfilling our responsibility to provide the quality Christian education at FCS that is expected.

In His Service,

Robert Andrews, Ph.D.  
Headmaster
