

## *A Message from Dr. Robert Andrews, Headmaster*

COVID reminder to FCS Parents, October 28, 2020

As Florida Christian School continues to respond to the threats of COVID in our community I am asking for your continued support. Our on-campus mitigation and preventive measures are on-going, and so far have been very effective.

It is of vital concern that every parent continue to be vigilant, by not allowing their child to come on campus if he or she has any symptoms (fever, cough, etc.) or had any contact at home or in the community with an individual who has tested positive for the Corona virus.

Our on-campus efforts will continue to help prevent an on-campus outbreak, but we need your help to make sure this will not change.

In His Service,

Robert Andrews, Ph.D.  
Headmaster

FAITH. CHARACTER. SUCCESS.
